What's the Concentsus?

Secure

Everything you need to keep your valuable business documents exactly where they should be – safe.

Flexible

Set up Concentsus just once and we'll take it from there. No ongoing maintenance, just peace of mind. Add more files at any time.

Affordable

Online backup for literally pennies a day! No complicated licensing fees or set up charges.

When losing enterprise data is not an option
We've got your back(up).

Concentsus Online Backup – Secure, Flexible, Affordable

You already have your business data backed up to your corporate servers - but did you know it's only partially protected?

Concentsus Enterprise delivers all the power and functionality of the Concentsus Small Business model and more. Concentsus Enterprise is an intuitive and reliable solution that will automatically backup high volume server data, store it in an off-site location and protect it with advanced encryption technology.

Secure	
128-bit SSL Encryption	Protects your critical data during transit.
448-bit Blowfish Encryption	Secures your files on our servers for the ultimate in data protection.
Private Encryption Key Options	Choose from Concentsus' 448-bit key or manage your own private key.
Backup SQL and Exchange	Store Enterprise data from multiple servers plus SQL and Exchange databases via remote administrative console.
Flexible	
User Friendly Interface	Designed for simplicity and ease of use, Concentsus makes setting your backup parameters a breeze – we'll do the rest.
Automatic or Scheduled Backup	You set the time for Concentsus to perform your backup. Daily or weekly at whatever time you choose – it's all up to you.
Maintenance Free	Set up your account, complete your initial backup and we'll do the rest. Enjoy peace of mind knowing that your data is encrypted and stored in a safe, remote location.
Bandwidth Throttling	Specify for Concentsus to use more or less of your upload bandwidth so other higher priority services can run unimpeded.
Affordable	
Cost conscious Pricing Plans	Concentsus offers affordable pricing plans without complicated licensing fees or set up charges.
